

Dr Manthan Prajapati, MD

ECFMG-Certified Residency Applicant | AAMC ID: 16328403

About Me

ECFMG-certified non-U.S. IMG with hands-on clinical experience across U.S. and Indian healthcare settings, including inpatient, outpatient, and ICU care. Experienced in patient evaluation, clinical decision-making, and EMR systems such as EPIC, eClinicalWorks, and CureMD. Strong background in research with a PubMed-indexed publication and ongoing projects. Demonstrated leadership through mentoring, teaching, and community health initiatives. Committed to delivering patient-centered, evidence-based care within multidisciplinary teams.

Education

Doctor of Medicine, M.D.

Penza State University Medical Institute, Penza, Russian Federation

September 2017 – July 2023

USMLE Scores

USMLE Step 1: 235

USMLE Step 2 CK: 239

ECFMG Certification

Certified (Sep 2025)

USA Clinical Experience

Clinical Extern

UChicago Medicine AdventHealth GlenOaks, Glendale Heights, IL

(Aug 2025 – Sep 2025)

- Completed a 4-week externship under the supervision of Dr. Mohammed Shakaib, MD, at UChicago Medicine AdventHealth and affiliated hospitals, with exposure to both inpatient and outpatient care.
- During inpatient rounds, I synthesized laboratory results and consultant notes to contribute to daily management plans and identified a significant medication interaction using EPIC and CureMD EMR system, which led to a timely adjustment in the patient's treatment plan.
- In the outpatient clinic, I conducted patient workups, documented findings, and presented cases with my proposed diagnostic and treatment plans to the attending.
- Gained proficiency in managing complex comorbidity such as cardiorenal syndrome and diabetic nephropathy, including acute complications during renal dialysis.
- Counseled patients and families on disease management and medication adherence.
- Participated in interdisciplinary care discussions, working closely with physicians, nursing staff, and case managers to optimize patient management and discharge planning.

Clinical Extern

Rush University Medical Center Associates in Primary Care, Chicago, IL

(Jul 2025 – Aug 2025)

- Engaged in a direct, hands-on outpatient clinical experience under the supervision of Dr. Cedric Coleman, MD, Associate Professor, serving as the initial point of contact for patients.
- Independently interacted with patients to take vital signs, perform focused physical examinations, and obtain comprehensive medical histories.
- Utilized the eClinicalWorks EMR system to review past medical history, labs, and medications, and to document patient encounters in progress notes.
- Presented patient cases to the attending physician, evaluated diagnostic possibilities and treatment plans, and sent prescriptions to the pharmacy via the EMR.
- Proposed a differential diagnosis for a patient with complex comorbidity that was later confirmed by the attending physician.
- Educated patients on disease management, preventive care strategies, and medication adherence to enhance long-term health outcomes.

Clinical Extern

Houston Methodist West Hospital, Houston, TX

(Jun 2025 – Jul 2025)

- Worked as a clinical extern under the supervision of Dr. Imran Baig, MD, where I performed comprehensive histories, physical examinations, and case presentations in both inpatient and outpatient settings.
- Actively engaged in daily inpatient rounds with the attending physician and medical team, contributing to discussions on patient diagnosis, management plans, and treatment adjustments.
- Gained experience in the outpatient clinic setting by performing patient examinations, recording vitals, and explaining conditions and treatment strategies to patients.
- Became familiar with the workflow of the U.S. healthcare system, the role of different team members, and the standards of patient care at a major academic-affiliated hospital.
- Utilized the EPIC EMR system to review patient charts, document clinical findings, and support care coordination during inpatient and outpatient encounters.
- Gained exposure to pediatric patient care at Bear Creek Pediatric Clinic, performing focused histories, physical examinations, and patient education under supervision.

India Clinical Experience

Physician Assistant

GMERS Medical College & Hospital, Gandhinagar, India

(Sep 2023 - May 2025)

- Worked as a physician assistant in an academic hospital, delivering care across outpatient, inpatient, and ICU settings with active involvement in assessment, clinical decision-making, and treatment planning.
- Performed detailed histories, physical examinations, and developed differential diagnoses for a wide range of medical conditions.
- Performed core clinical procedures including venipuncture, IV line insertion, catheterization, ABG sampling, and wound care.
- Participated in high-volume outpatient and community-based care, managing acute and chronic illnesses and ensuring continuity of care.
- Taught medical students clinical clerkship skills, including EKGs, ABGs, and suture technique
- Engaged in clinical research, contributing to publications on COPD risk factors and the role of yoga in postpartum care.

Physician Reviewer

MDIndia Healthcare Services (TPA) Pvt. Ltd., Gandhinagar, India

(Jan 2025 - May 2025)

- Developed advanced skills in critical analysis and systems-based practice as a medical analyst for India's national health insurance scheme (Ayushman Bharat PM-JAY).
- Applied principles of evidence-based medicine by critically evaluating 70–100 patient cases daily.
- Meticulously verified diagnostic reports, patient histories, and all given treatments to ensure clinical documentation aligned with national protocols.
- Strengthened my clinical reasoning by collaborating with a team of physicians to analyze complex cases and determine the medical necessity and appropriateness of care provided.
- Gained direct insight into systems-based practice, including healthcare finance, resource stewardship, and the impact of policy on patient care delivery.
- Awarded “Employee of the Month” in recognition of exceptional performance, accuracy in case evaluations, and efficient clinical decision-making.

Leadership, Teaching & Volunteer

Student Leader & Academic Mentor

Penza State University, Penza, Russia

(Sep 2019 - Jun 2023)

- Served as an elected academic group leader and primary liaison between students and faculty, coordinating schedules and resolving academic concerns.
- Mentored over 40 peers preparing for USMLE examinations through structured guidance, high-yield teaching sessions, and individualized support.
- Led and organized large-scale cultural events (Diwali, Navratri, Holi) with 400+ attendees, managing logistics including budgeting and program execution.
- Organized university-wide extracurricular activities, including sports tournaments and student trips, ensuring effective planning, safety, and participation.
- Coordinated student social events, managing logistics such as venue selection and audio setup to promote community engagement and well-being.
- Collaborated within a diverse international student community, fostering inclusivity, teamwork, and cross-cultural communication.

Community Health Volunteer & Camp Coordinator

IGF Foundation (Mobile Medical Unit) & Family Adoption Program, Ahmedabad, India

(Jun 2024 - Present)

- Delivered primary care services to underserved rural populations through the Family Adoption Program and mobile medical units, managing 80–120 patients per clinic day.
- Conducted comprehensive patient evaluations including history taking, physical examinations, and vital assessment, managing a range of acute and chronic conditions.
- Prescribed treatments, coordinated medication dispensing, and facilitated referrals to higher centers when required.
- Organized and managed logistics for rural health camps, including procurement of medications, equipment setup, and workflow coordination.
- Led community outreach initiatives and home visits, improving access to care and promoting participation in preventive health services.
- Mentored junior medical students in clinical skills, patient communication, and delivering care in low-resource settings.
